Ref No. 34954-1-G

Station M A D R A S , *Dated the* 11.12. JUNE 1946 .

From (Name) Major-General J.P.Huban, O.B.E., K.H.S., I.M.S

(Designation) Surgeon-General with the Government of Madras, Madras

To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

The sanctioned bed strength of the Government Headquarters Hospital, and the Lady Goschen Hospital, Mangalore is 116 and 80 respectively. At present there are only five toties in each of the two hospitals. The daily average attendance of patients treated at the hospitals is given below.

	Government Headquarters Hospital, Mangalore.		Lady Goschen Hospital, Mangalore.	
	In-patients	Out-patients	In-Patients	Out-Patients
1943	141	799	128	191
1944	143	664	137	217
1945	135	518	128	196

It will be seen from the statistics given above that patients over and above the bed strength are treated at the hospitals. In order to cope with the increased work and also to maintain the sanitation of the two hospitals properly (vide *extract from the District Medical Officer's letter C.No.458-46, dated 31-5-1946 given below), the District Medical Officer requests sanction for the employment of five additional male toties and two female toties in the Head Quarters Hospital, and the Lady Goschen Hospital, Mangalore respectively.

P/LW/6

P.T.O.

*"The Sanitation of the Wenlock Hospital is far from satisfactory. The Lady Goschen Hospital is slightly better, but still not satisfactory. There is no proper drainage system in these hospitals. The existing one which of a primitive type is in disrepair and apart from the inconveniences felt by the hospitals staff and patients, there are perpetual complaints from the Railway and Municipal Health Departments. A comprehensive drainage scheme with flushing out latrines and proper drains for sullage water unconnected with storm water drains and a septic tank or some other methods of disposal is urgently required. There have been drainage schemes prepared but which have been shelved for one reason or other."

There is great need for the employment of additional toties for the two hospitals. According to the approved scale the Head Quarters Hospital with a bed strength of 116 will be eligible for 10 toties against 5 toties now employed in the hospital. The Lady Goschen Hospital is entitled to 7 toties, but there are only 5 female toties now in the hospital.

It is therefore requested that the Government will be pleased to sanction 5 additional male toties and 2 additional female toties for the Head Quarters Hospital and Lady Goschen Hospital, Mangalore respectively temporarily upto 31-3-1948. The extra cost on account of the proposal is worked out and given below.

Your obedient servant,

B. Muthaiya

For Surgeon-General with the Government of Madras. AW 14/6
